Nardi Discusses Tax Increase

Frederick Nardi, Democratic candidate for Selectman, has pointed to one area concerned in the most recent tax increase.

Mr. Nardi stated, "Waste in government occurs in many ways. Tax dollars may be lost in small amounts over a long period of time or they may be lost in large amounts quickly in one or two items.

"In 1956, as an efficiency move, the voters of the town of Agawam created a unified Department of Public Works. This Department combined the Water, Sewer and Highway Departments into one unit to be supervised by a superintendent of Public Works at a fixed salary. In November of 1963 a vacancy in that office was caused through the death of Supt. Armand V. Foote. The 1963 Agawam Annual Town Report on page 30 states, "Immediately upon his death, the Board of Selectmen appointed Edward J. Bayon from the firm of Tighe and Bond, Inc., as consultant to the Department of Public Works..."

In 1964 we had a \$9 tax rate

Reynolds Reviews Local Tax Situation

"As a candidate for re-election to the Board of Assessors, I feel it is my public duty to present to you an unbiased, unselfish, factual review and summary of our tax situation here in Agawam.

"In this election there are two groups, with varied interests and opposite political banners, trying to persuade your thinking to follow their respective points of view.

"The first group has never made a direct, constructive contribution to your town's welfare in any pertinent policy. They will work for you only if they can play at the top. They have tried to gain your favor on other occasions and have been denied. Now, as a frantic stand, they will plead with you to follow their standard on the premise that they can cut your "tax rate." This is a "trap" they are setting by painting a fictitious picture. Clear thinkers know that tax rates are the result of dividing expenditures by assessed capital values. "Capital assessed values" are a fixed figure, Expen-

Chriscola Cites Record In Office

The progress of our Department of Public Works during my five years as your Selectman has seen the accomplishment of many necessary projects and the beginning of plans and studies for other vitally needed services that Agawam will require and must obtain in the near future.

The completion of our interceptor sewer program has placed Agawam among the first in the State to have finalized its program for the elimination of waste disposal in our rivers and the pollution of our natural resources.

Through a Federal Grant of \$17,000, applied for by our Republican Board of Selectmen in 1960, we have completed a survey and study of water distribution needs as well as the establishment of our own water supply sources.

The effective operation of our Town Department has allowed our Board of Selectmen the necessary degree of selectivity without need for ill-advised decisions in screening candidates for the position of Public Works Superintendent. Most of all I am proud (Continued on Page 3)

SPIRIT FOR AGAWAM

The spirit for our football team still lingers at Agawam High School. Before Agawam played Holyoke the student body had rallies to celebrate and give more courage to our team.

This week there will be another big rally held in the gym. Every year the West Side cheerleaders visit us at our rally. There will be competition against the juniors and seniors to see who can decorate their side of the gym the fanciest. There will also be a rope pulling contest between the cheerleaders of Agawam and West Side. Hope to see you at the West Side game!!!

PROMENADERS

By Al and Elaine Taupier

Turkey time has arrived and a lucky person attending our next dance may leave with a nice bird for their Thanksgiving dinner, compliments of the Agawam Promenaders Square Dance Club. Along with this chance of a turkey door prize, we have Dick Mastriani ready to call for us. Dick is guest calling for our club this Friday, the 13th. Let's all come out to dance to Dick to dispel any chance of superstition on anyone's part.

increase. Part of this increase was caused by the additional cost to run the Department of Public Works. We cannot afford the luxury of full time consultants. We need a superintendent in the Department of Public Works. If elected Selectman, I plan to take immediate steps concerning the appointment of superintendent to end this waste of tax money. This will be one step in my attempt to reduce taxes.

I would point out that the present Republican Administration, consisting of Selectman Ed Connolly and myself, will recommend the transfer of this money for use in the reduction of Taxes—This, as compared to the questionable inheritance of a total of \$7.00 from the 1963 Democratic controlled Board of Se-

I look forward to maintaining the progressive plans and programs now in effect and developing new plans and programs to meet the expanding needs of our Town through your vote for my re-election on Nov. 17th.

Selectman Connelly Endorses Chriscola

Selectman Edward W. Connelly today issued a statement in support of Frank Chriscola, Jr., candidate for re-election to the Board of Selectmen.

Connelly said, "I have known Frank Chriscola as an astute, capable town officer since my service on your Finance Committee. His background in Agawam, his knowledge of Town needs and problems, coupled with his availability at any time, day or night, I feel, is most essential to the proper conduct of the office of selectman.

I have joined him in his efforts to obtain needed funds and help from the Commonwealth, not only

in Boston, but before the County Commissioners as well, and the high esteem in which he is held in these areas is beneficial to the overall needs of our town. This first hand association enables me to urge all Republicans, Independents and discerning Democrats to vote for Frank Chriscola in our Town Election on Tuesday, Nov. 17.

This will insure continuation of important projects and studies now in process as a result of his capable leadership, thereby making for a better Agawam in which to live, work and guarantee a solid background for our children.
